

TRANSITIONING INTO AGED CARE

START YOUR CAREER ON THE RIGHT FOOT

We focus on developing our team even before they start with us.

Through the Opal HealthCare Academy we partner with leading Registered Training Organisations (RTOs) to recruit and develop passionate people so that they are ready for a fulfilling career in Aged Care.

The traineeships delivered by our partner RTOs give you the following:

- Key skills
- Test career choice
- Meet the team

By doing it this way, we see if we're a match.

The programs can be from four to eight weeks, and include accredited face to face training plus an unpaid work experience placement with us.

From these traineeships, you'll achieve certifications relevant to the program such as CHC33015 Certificate III in Individual Support.

If you are successful through the traineeship, you'll be offered a full time role at Opal HealthCare and launch your career, bringing joy to those we care for.
