

# ELEVATE PROGRAM

MID CAREER NURSE PROGRAM

## GROW YOUR PASSION FOR PARTNERING WITH THE ELDERLY WITH A QUALIFICATION AS A GERONTOLOGICAL NURSE

Partnering with the University of Wollongong (UOW) and Opal's Clinical Services & Quality team, the Elevate Program provides an educational opportunity aimed at advancing nursing skills and capability using the latest evidence-based techniques.

*Gerontological Nurse Framework*

## ELEVATE PROGRAM OVERVIEW

This 28 week program is a supported self-directed learning model where you will build a portfolio of evidence to demonstrate competency against the 11 identified core competencies that articulate with the requirements of the Aged Care Quality and Safety Standards.

You will develop your skills across the 33 domains of practice which explain the everyday activities and responsibilities of RNs working with older people in aged care.
